

Tornado Hits Cameron, La., Two Are Dead

By JAMES A. BOURDIER

CAMERON, La. (AP)—A howling tornado struck this Louisiana coastal town late Tuesday night, causing at least two fatalities. Authorities say the death toll may go higher.

Sheriff's deputies formed search parties to roam through debris, although heavy rains hampered rescue operations.

At least 50 persons were reported injured.

Streets in Cameron—where nearly 500 persons died in a 1957 hurricane—were flooded. The water was as high as the floorboard of a car, but had stopped rising early today.

Nearly eight inches of rain fell in Cameron within a six-hour period.

Cameron, which has a population of about 2,500, is on the marshy Gulf Coast in extreme southwest Louisiana.

A man identified as Harold Stewart suffered a fatal heart attack shortly after being evacuated from his home to the Cameron Parish Courthouse. An unidentified woman was killed and deputies said a child may have been killed when the whirling 30-mile winds flipped over a house.

Some low-lying sections of Lake Charles—40 miles north of here—were under water.

A tornado alert for the entire southwestern Louisiana area expired at 5 a. m. with no additional reports of twisters.

An estimated 1,200 persons were injured in the courthouse—tallest building in Cameron. Many had minor injuries. Civil Defense and Red Cross units sent cots and blankets for the refugees.

A sleepy 9-year-old boy was buried up in the judge's chair in the courtroom at daybreak. Women sat in the jury box, clutching their children.

"This was worse than Audrey," the refugee told John Scott, news director of radio station KPCL at Lafayette. "No warning. All of a sudden that tremendous howling noise."

Chennault Air Force Base near Lake Charles sent six physicians to Cameron along with numerous ambulances. Eighteen of the more seriously injured were taken by ambulance to Lake Charles.

Doctors said many persons are suffering severe shock.

The winds whipped up the Gulf of Mexico offshore from Cameron, disabled boat, asking the Coast Guard for help, said there were no swells.

Many persons were reported missing. Teen-ager Billy Stephens said his mother could not be located. His father was slightly injured.

The storm struck two adjoining parks three miles east of Cameron and then skipped toward town itself, damaging houses and bowling over utility poles and trees.

The entire coastal area was plunged into darkness as the winds knocked out power lines. There was no regular telephone service to the area. All communications were channeled through shortwave radios in deputy sheriff's cars and mobile telephones.

First report of the storm came at 10:57 p. m. from a Cameron deputy who tersely radioed to Lake Charles from his automobile asking for as many doctors and ambulances as could be sent.

Hurricane Audrey tore through this area in 1957, leaving nearly 500 dead. The town has since been rebuilt.

Rain Falls Over South Arkansas

The same low pressure system that brought a disastrous tornado to Cameron, La., Tuesday night brought rain to much of south Arkansas Wednesday, but no tornadoes were forecast for Arkansas.

The U.S. Weather Bureau in Little Rock issued a severe weather alert for thunderstorms and locally damaging winds in southwest Arkansas from noon until 6 p. m. today.

The forecast called for cloudy and occasional rain through Thursday. Low tonight 68 to 75. High Thursday in the 80s.

The Weather Bureau said thunder showers extended from Texarkana to Eudora in the south part of the state today and there was a chance that most of central and south Arkansas would get some rain today.

Some rain was forecast for the northwest and northeast portions tonight and Thursday.

NFO Plans No Sales Without Contracts

By RON SPEER

DES MOINES, Iowa (AP)—The National Farmers Organization starts Saturday what it calls a "battle for the survival of the family farm."

Members of the Midwest farm group are pledged to sell no hogs, cattle, sheep or grain from mid-night Friday until processors agree to long-range contracts, with the NFO calling for higher prices of those products.

Buyed by a massive turnout of an estimated 20,000 members who shouted approval of the holding action here Tuesday, NFO president Oren Lee Staley declared: "We mean to win."

"Whatever length of time it takes to win this battle, we will do it," the 39-year-old Rea, Mo., farmer said.

"American farmers are the most underpaid group in America. They have been treated as far as they can. We do not intend to retreat any farther."

Staley warned members to brace for a long fight. He said the supply of meat in storage and sale of livestock by non-members will keep the market at near-normal levels for about two weeks.

The NFO president said his group has sufficient strength to attain its goals in the holding action. Three previous holding actions—in which hogs were kept off the market—failed to produce higher prices.

Staley has declined to reveal the number of farmers in the NFO, which claims membership in 15 states west of the Pennsylvania border to the Rocky Mountains, and south from Canada to Kentucky and Oklahoma.

He said, however, that he believes control of 25 to 30 per cent of the country's total agricultural production is needed to affect the market.

The holding action calls for livestock and grain to be held until the following minimum prices are secured, compared to what the NFO said are current prices:

Butcher hogs 190-210 pounds, \$22.75 a hundredweight (now about \$18.50).

Choice grade cattle weighing 800-1,000 pounds, \$32.45 (now about \$28.00).

Choice woolled lambs, \$29.45 (now about \$22.00).

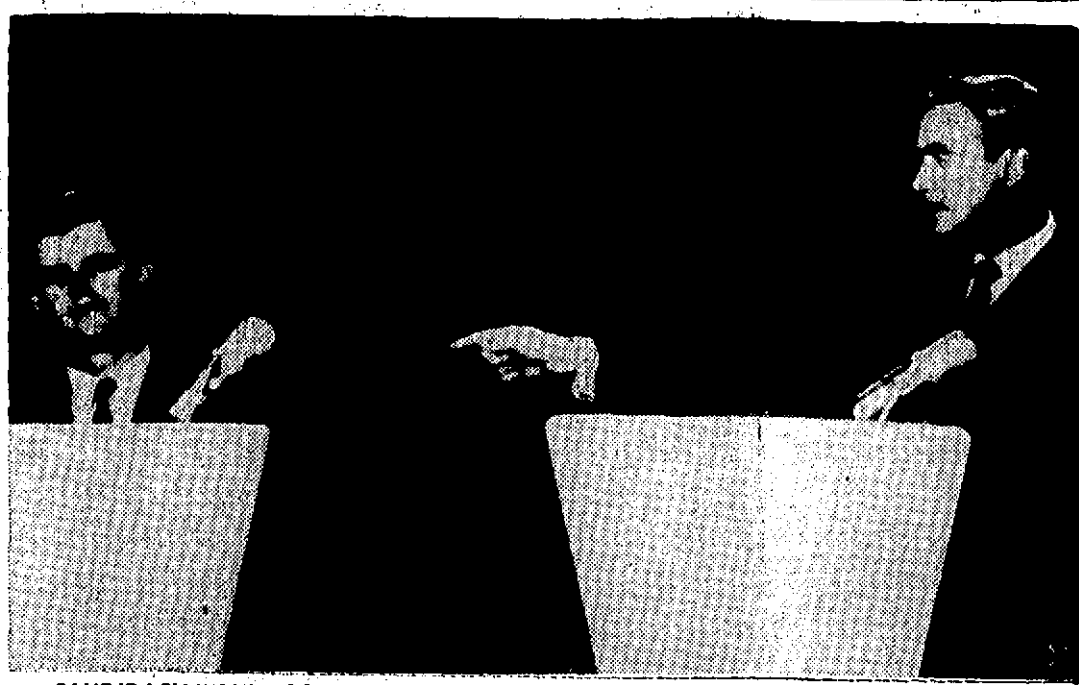

Corn, \$1.49 a bushel (now about \$1.10).

Soybeans, \$2.56 a bushel (now about \$2.30).

The NFO members approved a recommendation that milk producers meet later to determine whether they keep milk off the market.

Two Injured in Wreck Near Fulton

Two persons were injured early last night in a collision on Highway 67, three miles west of Fulton.

Woodrow Ford, 24, of Airmen Beach, Fla., sustained multiple lacerations and Doyle Ashbrook, 60 of Prescott had an arm broken in several places. The men were brought to a local hospital for treatment by an Oakcrest ambulance.

Officers said Ford, traveling west and Ashbrook going east in a panel truck, sideswiped. The car careened off into a cotton field on one side of the road and the truck ran into a ditch on the opposite side. Ashbrook was thrown out of the truck.

Officers Glen Owens and Dwight Pankey of the Arkansas State Police investigated.

Bulletin

LITTLE ROCK (AP)—The U.S. Weather Bureau in Little Rock issued today the following severe weather forecast:

Isolated severe thunderstorms with locally damaging winds are expected this afternoon from noon until 6 p. m. within an area along and 60 miles either side of a line from 40 miles southeast of Shreveport, La., to 40 miles west of Texarkana, Ark.

In Arkansas, this includes all or parts of the following counties: Columbia, Miller, Union, Nevada, Sevier, Little River, Hempstead and Lafayette.

Proceedings in District U. S. Court

Texarkana — In Federal Court yesterday Thurman Vern Landes of Patmos, Ark., pleaded guilty to possessing a still, possessing untaxed liquor and carrying on the business of a distiller. Sentence will be passed on Sept. 18.

In other action the court set for Sept. 18 the case in which Stephens Grocer Co., Hope and Herbert M. Stephens, president, are charged with violating the Food, Drug and Cosmetic Act. Four counts are involved and Stephens pleaded not guilty to each count.

The government alleges that bags of flour handled by the company were exposed to contamination.

Democrats in State to Show Power

LITTLE ROCK (AP) — Democrats are setting up a power show for candidates with Republican opposition in the November general election.

Three Arkansas members of Congress have been given prominent places on the Democratic State Convention program in Little Rock Sept. 12-13, and Gov. Orval E. Faubus is scheduled to deliver an acceptance speech on his "reelection to a fifth term."

Rep. Oren Harris, D-Ark., of El Dorado, has been named keynote and temporary chairman; Rep. J. W. Trimble, D-Ark., of Berryville, will be permanent chairman; and Sen. J. William Fulbright, D-Ark., of Fayetteville, will make one of the top addresses.

Arkansas' Democratic congressmen always have been invited to the convention, but this time Democrats with Republican opposition are being given an opportunity to strut through the limelight.

Harvey Combs, assistant secretary of the party, said the convention will open at noon Sept. 12 in Robinson Auditorium in Little Rock.

Rep. Dale Alford, D-Ark., an unsuccessful candidate for governor, will take part in the program. Rep. Wilbur D. Mills, D-Ark., of Kensett, has wired the committee that he expects business in Washington to prohibit his attendance at the convention.

Survivors include his wife, Mrs. Dorothy Martin, one daughter, Peggy Ann Martin and his mother, Mrs. Emma Martin of Patmos.

City Asks a Hearing on Arkla Rates

LITTLE ROCK (AP)—City attorney J. V. Spencer Jr. petitioned the Public Service Commission Tuesday for a rehearing on the dismissal of an El Dorado complaint against Arkansas-Louisiana Gas Co.

The 18-month-old complaint of El Dorado against Arkla's escalator rate increases was dismissed by the PSC Aug. 16 on request of Arkla.

Spencer called the increases "arbitrary, unreasonable and unwarranted" and said the dismissal amounted to a denial of due process of law.

He said he would take the matter to Pulaski Circuit Court if a rehearing was refused by the PSC.

The escalator rate increases are designed to reimburse the company for increases in wholesale gas costs, Arkla officials say.

Spencer claims that while wholesale gas costs rose 3.2 cents per thousand cubic feet, rates rose by 7 cents.

The petition seeks to subpoena J. M. Clayton, director of Arkla's rate and regulatory department, to show how the escalator increases are arrived at. Spencer said this has never been explained.

He also said the PSC has allowed the increases to be invoked without authorization, as required by law.

Arkansans Are Well Insured

NEW YORK (AP)—Arkansas is one of 16 states which has between 1/2 and 2-3 of its population covered by some form of voluntary health insurance, the Insurance Institute reported today.

On a regional basis the south ranked last, with 64.3 per cent of the population covered. The east was first, the midwest second and the west was third.

New York state had coverage for 90.7 per cent of its population to top the list of states, while only three states—Alaska, New Mexico, and Mississippi—had less than 50 per cent coverage.

The first bale to be ginned last year was on Sept. 18, an indication of what the extremely hot, dry weather has done this season.

Ban Tests by End of Year, Russia Urges

GENEVA (AP)—The Soviet Union today proposed that all three nuclear powers end atomic weapons testing at the beginning of next year.

Vasily V. Kuznetsov, Soviet first deputy foreign minister, suggested the test cut-off to the 76th session of the 17-nation disarmament talks.

U.S. Ambassador Charles C. Stelle and British Minister of State Joseph B. Gopher categorically turned down the idea immediately.

Western sources said Kuznetsov's remarks made it clear he was proposing an unpoliced moratorium which is completely unacceptable to the West.

Conference sources said he made the proposal in an informal manner during a long speech in which he again categorically rejected parallel Western proposals for ending tests in the atmosphere, under water and in space, or in all possible environments including underground.

Kuznetsov told the delegates the Soviet Union was in support of a cut-off date for all nuclear testing. That date should be the beginning of next January, and he indicated his government will raise the matter formally later.

Earlier, several Western sources said Kuznetsov had proposed the test cutoff for early in November, and said this date came over the English simultaneous translation system. Kuznetsov was speaking in Russian, and the November date apparently came from a mistranslation.

A moratorium covering all tests, including underground explosions, is completely unacceptable to the United States and Britain.

They are willing to sign an unpoliced agreement to stop tests in the atmosphere, under and in outer space, but refuse to accept a ban on underground testing which cannot be efficiently controlled.

In an effort to overcome the East-West deadlock the two Western powers have submitted alternative proposals for a comprehensive test ban providing for strict controls over underground testing, and a ban on tests in the three other environments with no control whatsoever.

Kuznetsov categorically rejected the two proposals for the third day in a row. Conference sources said he used the same arguments, but expressed himself in even more forceful terms than before.

Bruglary Case Trial Delayed

LITTLE ROCK (AP) — Circuit Judge William J. Kirby said Tuesday the trial of three men charged with the \$25,000 burglary of the M. M. Cohn Co. department store here April 15 has been postponed.

The trial was set for Sept. 6. Kirby said it was postponed at the request of defense attorneys Tommy H. Russell and Max Howell.

Defendants in the trial are John Oscar Luck, Ronald Edward Smith and Marion R. Raif, all of Georgia. They are free on bond.

Two Charged in Marijuana Case

LITTLE ROCK (AP)—Two Little Rock men were charged in Pulaski Circuit Court Tuesday with possession of marijuana.

Pros. Atty. John T. Jernigan said the charges were against James Richard Brown, 18 and Earl L. Davis, 22. Bonds were set at \$2,000 each.

Last Friday similar charges were lodged against Willard Harrison Parlin Jr., 19, and Frank C. Seford III, 29, both of Little Rock. The four men were arrested last week and bound over from municipal court.

Jernigan said the men will be arraigned today.

Foreign Aid Funds Used for Roads and Gifts

WASHINGTON (AP)—The tapping of foreign aid funds for birthday gifts to new countries and a road to an athletic stadium has been disclosed in a House hearing.

The information was brought out by a subcommittee in a scrutiny of the \$275-million contingency account controlled by the President but actually spent by the State Department and the Agency for International Development.

Chairman Otto E. Passman, D-La., commented that the law governing the fund is broad enough to permit the President to open a saloon every two miles across some foreign country.

In testimony released today, Fowler Hamilton, AID director, agreed that the fund was supposed to take care of unforeseen developments and to deal with a real crisis.

Hamilton testified that through April, the fund had been tapped for \$223,423,000 for situations "like aid to Greece when the Berlin situation got hot."

The tabulation of withdrawals, supplied at Passman's demand, disclosed some other uses.

Algeria was put down for an "independence day gift" of \$150,000 and an additional \$7,000 to bring an Algerian over to study the U.S. Civil Service.

Indonesia received \$5,600,000 to push completion of a road to the site of the Asian athletic games.

Iran got \$29 million for the specific purpose, an AID statement said, to assure the survival of the government of Prime Minister Ali Amin, whose existence was threatened by a financial crisis. The prime minister was ousted anyway.

The African countries of Guinea and Mali got \$3.5 million and \$2.7 million, respectively, because of their changing political attitudes. Syria was granted \$9 million in February when it broke away from the United Arab Republic.

In May, Egypt, the other part of the United Arab Republic, appealed for and got \$15 million.

Machine Gun Taken From UA Instructor

LITTLE ROCK (AP) — Federal authorities said Tuesday two operative submachine guns have been seized from William F. McLaughlin, 33, whom they identified as a University of Arkansas instructor.

The Alcohol and Tobacco Tax Unit said the guns were found after McLaughlin was stopped in Tulsa, Okla. Sunday for investigation for displaying of an improper license plate.

Robert Ligon Jr., an ATTU agent at Tulsa, said McLaughlin's car bore the license number 00-0000, a plate the Arkansas Revenue Department says is issued only as a sample.

Ligon said the automatic weapons were found between the rear seat and the trunk of the car after a search was prompted by the finding of a pistol in the trunk. Neither machine gun — a 9-mm Italian made Beretta and a 9-mm Schmitzer — was loaded, Ligon added. He said a .22 caliber pistol was also found in the trunk.

Ligon said no criminal charges would be made against McLaughlin for possession of the guns, since the search procedures were considered improper.

Suit to Condemn
LITTLE ROCK (AP)—The federal Food and Drug Administration filed suit Monday to condemn 42 cases of oats and 88 bags of flour at the Hiegel Wholesale Grocery Co., Conway, because of contamination. The suit said the food had become contaminated by insects.

Murphy in Defense of Estes Dealing

WASHINGTON (AP)—Undersecretary of Agriculture Charles S. Murphy said today the decisions he made in the Billie Sol Estes case were based on a belief that all citizens—including the Texas promoter—should get what they are legally entitled to—no more and no less.

In the final analysis, the department's No. 2 man said, Estes was able to "gain nothing by all his twisting and turning with the Department of Agriculture."

"In our dealings with Estes, we exhibited no favoritism—only the fairness and justice every American has a right to expect in dealing with his government," he said.

Murphy made these contentions in a 29-page statement prepared for the Senate Investigations subcommittee which is seeking to determine whether Estes got favored treatment through political influence in connection with big cotton planting allotments under a department control program.

Committee Chairman John McClellan, D-Ark., has charged that someone of high department rank—either Secretary of Agriculture Orville L. Freeman or Murphy—must have been behind the supervision last Jan. 6 of orders canceling Estes' 1961 cotton allotments.

Murphy said he had approved cancellation of these allotments—obtained in transfer deals from other farmers—on Dec. 22, 1961.

But, he said, he ordered a "second look" at the cancellation order in January at the request of Sen. Ralph Yarborough, D-Tex., and Rep. J. T. Rutherford, D-Tex., as well as at the request of Estes and his lawyer.

Murphy said this second look strengthened the department's position for a possible court fight over the allotments and that in no way did it reverse the department's basic position that Estes was not entitled to the allotments.

The undersecretary said that except for two crates of cantaloupes, he had received no gifts, or other benefits from Estes. He said that after he received the melons, he wrote Estes thanking him but asked that he send no more because of the administration's "strengthened policy" against acceptance of gifts by government officials.

Furniture Sales Up in Arkansas

LITTLE ROCK (AP)—Not retail furniture sales in the Little Rock area of the 8th Federal Reserve District shot up 18 per cent in June this year, compared to June 1961.

The percentage increase was based on sales at Little Rock, Fort Smith, Pine Bluff and Blytheville, and showed an 11 per cent increase compared to May 1962.

Arkansas' cash farm income in June increased two per cent compared to the same month in 1961, but lagged behind the 1961 pace during the first six months of the year by four per cent.

NPCA Group Holds 2-Day Conference

The Directors of the Nashville Production Credit Association returned Sunday from a two-day conference of the PCA from three states, Arkansas, Illinois and Missouri.

The meeting was attended by Benny Coleman and Mrs. Coleman, Mr. Coleman is the Field Manager for the Hope office.

One of the highlights of the conference was the annual report of the Federal Intermediate Credit Bank of St. Louis, given by S. A. Morrow, president of the bank. He reported that the fiscal year was a record year in services rendered to farmers by the PCA in this three-state district. He also reported that the Federal Intermediate Credit Bank of St. Louis is the largest in the U.S. and that in the past year it has, through its 45 Production Credit Associations, supplied farmers with credit amounting to over \$320 million dollars. This was a 9.6% increase over the fiscal year of 1961. During the past eight months the Nashville Assn. has made 1,594 loans for \$10,012,613, to farmers for operating expenses and to purchase capital items.

Each PCA is locally owned by the members who use its services, and its operations are conducted by a local board of directors.

Defends Bathing Suit Appearances

LONDON (AP)—A leading British columnist today defended Jacqueline Kennedy's frequent public appearances in a bathing suit.

"Since when has youth and grace and beauty at the White House been improper?" asked the London Daily Mirror's Cassandra (William Connor), who rarely has a good word to say for the United States.

Cassandra took issue with Dr. Willis Ray, a Colorado Baptist leader, who contended that both the President and Mrs. Kennedy has "thrown dignity, decency and decorum out the window" because they were swimming in bathing suits.

Brush Fires in California Keep Raging

By DORIS KLEIN

LOS ANGELES (AP)—Five brush and timber fires—the scourge of summer—raged across California mountains today after burning hospital buildings, oil storage tanks and a cowboy actor's famous ranch.

More than 30,000 acres were blackened. In the north, vacationers fled resort areas. In the south, 800 patients were evacuated from a sanitarium. Flames advanced on two vital Nike missile sites. A powder works containing an estimated 100 tons of explosives was barely saved by firemen.

Flames licked to within 10 feet of the explosives plant. The Southern California blazes,

Suit Filed Against Law to Redistrict

LITTLE ROCK (AP)—A Jefferson County man filed suit Tuesday attacking Act 5 of 1961, the congressional redistricting law.

In the suit George W. Carr contends his constitutional rights were violated because of population and area inequities among districts created by the act. That act reduced the number of congressional districts from six to four.

Carr was not available for comment. The suit was filed for him by attorney Carlton Currie of Pine Bluff.

Carr seeks to enjoin Secretary of State Nancy Hall from canvassing votes of any candidate for Congress. He also asks in the suit that Gov. Orval E. Faubus not be

15 miles apart, broke out within an hour of each other Tuesday, 40 miles northwest of downtown Los Angeles. Los Angeles County Fire Chief Keith Klinger said the fires were the worst in the county since the disastrous Bel Air-Brentwood fire last November, 15 miles to the southwest across the San Fernando Valley. One fire swept over the San Gabriel Mountains into the San Fernando Valley, destroying an infirmary on the grounds of Olive View Sanitarium in Sylmar. A fleet of ambulances, buses and cars evacuated 800 patients, most of them tuberculosis victims. Some patients, rushed from surgery, still were unconscious, bottles of blood plasma suspended above their stretchers. A Veterans Administration hospital two miles to the east also was threatened, but none of the 400 patients had to be evacuated. One of the blazes threatened Salt Lake City, clear 87 45. Bids Taken on Base

FORT WORTH, Tex. (AP)—R. M. Wells Co. of Quanah, Tex., was apparent low bidder Tuesday, at \$1,680,620, for construction of a composite medical facility at Little Rock Air Force Base, Army Engineers said. The government estimate of cost for the facility was \$1,754,340. The structure will have 50 beds in 53,403 square feet of space. It will be of one story masonry construction. Engineers said the contract, calling for completion in 420 days, will be awarded in 10 to 15 days.

allowed to issue election certificates while the suit is pending.

Rep. Dale Alford will return to his ophthalmology practice in Little Rock after an unsuccessful bid for governor. Rep. Catherine D. Norris will retire.

The four remaining Arkansas congressmen, Reps. E. C. Gathings, 1st District; Wilbur Mills, 2nd; J. W. Trimble, 3rd and Oren Harris, 4th; were unopposed in the Democratic primaries.

Republicans Cy Carney of Fayetteville and Warren Liebong of Pine Bluff oppose Trimble and Harris respectively in the November general election.

The suit attacks population variation in redistricting, noting that Act 5 places 28 counties and 573,385 persons in the 4th District while only 18 counties and 332,844 are in the 4th.

A proposed redistricting plan having a population variation of no more than 4,000 persons from average districts of 446,568 was attached to the suit.

The legislature passed Act 5 at a special session after Jefferson, Lincoln and Arkansas county voters petitioned to refer a redistricting act adopted at the 1961 regular session.

The act is called in the suit "a dilution of the plaintiff's right to vote in an election for congressman and the invidious discrimination in the population ratio violates the plaintiff's right of equality guaranteed him by Article 2, Section 3 of the state constitution."

Labor Group Tries to Halt Rail Strike

CHICAGO (AP)—Top government labor officials, acting on direct orders from President Kennedy, made a last-ditch effort today to head off an imminent strike on the Chicago and North Western Railway, the nation's third longest carrier.

Labor Secretary Arthur J. Goldberg said he was neither optimistic nor pessimistic as he went into a meeting with heads of the railroad and the union, the AFL-CIO Order of Railroad Telegraphers.

The union has called for a strike for 7 a.m. CDT Thursday and the railroad has ordered a freight embargo at 11:59 o'clock tonight in preparation for a shutdown. A strike would disrupt freight

shipments and leave 70,000 Chicago area commuters without their usual form of travel.

Kennedy sent telegrams to the railroad and the union appealing for resumption of intensive collective bargaining.

The President appointed an emergency board in April, but its recommendations failed to win approval.

The board had proposed that the North Western be allowed to eliminate any jobs that it feels it can do without, but that it be obligated to try to take care of displaced telegraphers in some manner.

The North Western accepted the proposal. The 1,000-member union did not.

The Lowell Observatory of Flagstaff, Ariz., and the National Geographic Society have teamed to produce an atlas of the nearby bright planets from Mercury to Saturn.

Legion Auxiliary Meets

The Leslie Huddleston Post 12, American Legion Auxiliary, had a potluck supper at Fair Park Tuesday, August 21. Mrs. Charles Taylor presided. The meeting was devoted to the singing of the national anthem and all read the preamble in unison.

Poppies and American flags decorated the serving table, where a delicious meal was enjoyed by 25, including members and six guests. Flank King, John and Peggy King, Mrs. Tom Middlebrooks, Mrs. G. B. Morris and Mary Anita Lasceter.

Mrs. Frank King, president, had charge of the routine business meeting and heard committee reports. She appointed the following committee to study a possible cookbook project: Mrs. King, Mrs. Talbot Fields, Jr., Mrs. Charles

Taylor, Mrs. Thomas Compton, Mrs. M. M. McCloughan, and Mrs. Annie T. Webster.

Mrs. Joe Jones presented an American flag to Mary Anita Lasceter in appreciation for her assistance in the auxiliary's public relations the past year. An original Wray and Miss Elizabeth Bridwell on membership by Mrs. Charles Taylor was presented by her and Mrs. C. E. Weaver.

It was announced that the next meeting would be with Mrs. H. O. Kyler. The closing prayer was voiced by Mrs. Fred Formby.

Butler Family Reunion

110 members of the Thomas C. Butler and Margaret Lewis Butler family met at Union Church in Nevada County Sunday, August 26 to commemorate the annual reunion. Children of the couple were Mollie, Francis, Tennessee, Ella, Josephine, Theodocia, Ollie, Lawson, Thomas Jr., John, Elijah, and Newton. They moved to Arkansas in 1859.

Union Baptist Church was organized in 1867. The oldest tombstone recorded in Union Church yard is 1852.

The Butlers will hold a reunion in 1963, the fourth Sunday in August.

Duplicate Bridge Club Meets

On August 20 the Hope Duplicate Bridge Club had its weekly meeting at the Diamond with three tables of players. The first place team consisted of Miss Elizabeth Bridwell and Mike Kelly.

DOROTHY DIX

This Time It's the Daughter Who Won't Let Go!

By HELEN WORDEN ERSKINE

Dear Helen: When our youngest daughter married five years ago we went all out on the wedding. She had more than any girl could wish for when single; this was our final gesture. From thence on she would be on her own and we were free—with the last child grown and married—to renew our honeymoon. Yes, despite the years, my husband and I are still a pair of lovebirds. We enjoy just being together.

Resentful of the fact that we can be happy without her, our daughter is determined to come home, sans husband. Yet she was bound to marry this boy and both were sure it was forever. I live in daily dread of her suddenly ringing the doorbell—probably in the dead of night, for she is melodramatic, hysterically falling into our arms and crying, "I can't take it any longer!"

Why won't children understand "once married, nobody's life is a bed of roses? My husband and I had it pretty rough for years but I never said boo to my probation and affection even well and, like I say, our girl feels left out. Do you think I'll ever see the time when I have my man all to myself without a spoiled child coming home to

roost? My husband would take her back in a moment if I said the word.

Our other daughter is quite different. She never peeps no matter how difficult the way, just smiles and is happy for us now that we have the money and leisure to travel and enjoy life. I am 44, my husband 49 so we have plenty of wonderful years ahead together. Should we listen to our pampered girl and start raising her again? I thought my job was done four years ago. —Too Much Love

Dear To Much: Your daughter is restlessly seeking an emotional security which she has not yet found. This is partly your fault. The tone of your letter would indicate that you rejected her in the past. Your husband, being more sympathetic, is the one to help her out of this morass. Suggest he ask her what she wants in life. You'll probably find that it is family. Today we're doing extra well and, like I say, our girl feels left out. Do you think I'll ever see the time when I have my man all to myself without a spoiled child coming home to

Dear Helen: I am a boy of 14 who is sick and tired of the favoritism shown my older brother. As an example there is the pigeon pen we "built together." Actually, I did the work. Our Dad bought us each a homing pigeon. My brother let his starve then blamed mine for pecking him to death. Then my mother blamed me. Meanwhile I earned money to buy more pigeons and what did Mom do but make me give one to my brother. Now we are moving and have to sell pigeons and pen. Mom says half the money belongs to my brother when he didn't earn a red cent of it. He has always tried to get something for nothing in this life. What can you do with people like that? —Tired of It All

Dear Tired: Forget it! If your brother chooses to be petty and a bully, that's his business, not yours. By favoring him your mother is doing him more harm than good but again, that is not your business. Your sole responsibility is yourself, and a big one too. If each one of us could make a

success instead of a batch of managing ourselves, this world would be a wonderful place in which to live. Get the best price you can for pigeons and pen, divide the money with your grasping brother and go on to other enterprises—this time alone!

Counties in Disaster Area

LITTLE ROCK (AP)—Calhoun, Izard, Perry, Polk and Randolph counties have asked to be designated drought disaster areas.

Randolph, Calhoun and Perry asked to be allowed to participate in the livestock feed program and to be allowed to graze and hay land held out of production by a government program.

Their recommendations went to the state Disaster Committee. It will rule on the requests and pass them on the Agriculture Department.

Izard is one of seven counties already approved by the state committee for the livestock feed program. It asked only for grazing permission. Polk asked for only the livestock feed program.

The state committee has not received word of recommendations made last week for disaster designation for Baxter, Fulton, Sharp, Stone, Marion, Izard and Lawrence counties.

GOPs Against Emergency Bill

WASHINGTON (AP)—House Republicans lined up today against a \$900-million emergency public works bill the administration backs.

Republican Leader Charles A. Halleck of Indiana told reporters after a party conference that there was no expressed opposition to a GOP leadership statement which attacked the bill as "pork barrel politics."

The House plans to vote on the controversial measure Wednesday. Democratic leaders admit the outcome could be close but claim they have enough votes to win.

The bill is designed to provide employment through a wide range of projects. It would authorize federal grants up to one-half of the cost of state and local projects that could be completed within one year. One-third of the total would be allotted to small towns and rural areas.

I to assume she would rather watch TV than talk to me? —Television Eyes

Dear Television: It isn't TV, it's your marriage that's gone stale. Maybe your wife isn't the sit-and-rock type. Instead of trying to force a Darby and Joan role upon her, plan a night out for both of you every once in awhile. Take her to a new restaurant, a much-talked-of movie or a Saturday evening at the shore. Variety should be the spice of married life!

AM&N Has Record Applications

LITTLE ROCK (AP)—A record 1,618 applications from new students who want to enter Arkansas AM&N College at Pine Bluff are evidence of improved economic conditions among Negroes, officials of the AM&N Board of Trustees said today.

The board met today with Gov. Orval E. Faubus to discuss problems of the state's only institution of higher education for Negroes.

Board Vice Chairman Sam Anderson of Helena said officials are concerned right now about pending applications for two federal government loans totaling about \$2 million for dormitory construction.

Anderson said the board hopes to build facilities for about 500 students.

"We aren't turning any students down," Anderson said, "but there just are no off campus facilities for them. If they can't get onto the campus, they can't stay in college."

Anderson said the college has irrevocably threatened accreditation difficulties with the North Central Association and the National Teachers Association and that AM&N's accreditation now is good.

Anderson and Board Chairman C. E. Larrison of Portland said increased confidence of Negroes in the school was a factor, along with improved economic conditions, in the increased enrollment.

Anderson said the project 1968 enrollment at AM&N was 4,500 and "the way we are going, we are going to reach it, too."

Anderson also said it now appears as if the college will spend only about \$863,000 of \$1 million appropriated by the 1961 legislature for improvement and repairs to college buildings.

\$174,420 Won by Pair on Pension

LONDON (AP)—An aged couple—both old-age pensioners—won \$174,420 today on a two-penny bet in the British soccer pools.

Ellis Jones, 76, and his wife, Mabel, 70, of Bristol, correctly picked eight tie games in last Saturday's contests.

The Joneses have been living on old age pensions totaling \$12.95 a week. Their prize money is not taxable.

YACHTSMEN—England's Prince Charles keeps a boat fender in place while his father, Prince Philip, right, steers the ocean racing yawl "Bookhound" through the Crinan Canal at Argyshire, Scotland, during a recent sailing holiday.

SHORTY A 2-Minute Story © 1962 by NEA, Inc.

NO SALE By STEVE APRIL

Without a sales pitch, I'd sold a \$2,900 outboard cruiser, which was enough to make me think I was sound asleep and dreaming. Next, this joker who bought the boat counted out 290 ten dollar bills in full cash payment. He said he'd won it in a poker game, and who am I to ask questions?

I showed him how to adjust the motor and all the essentials needed to be seafaring in an outboard, then I started home.

Coming off the highway, I turned into a dark and empty street, not doing over 30, when suddenly a young woman dashed out between two parked cars directly in front of me. I tried to swerve, put on the brakes, but I hit her with a sickening thud. I had hit her.

In a daze of horror I stopped, locked out—but didn't leave the car. There was no doubting she was dead, the grotesque angle of her crumpled body, the odd way her legs folded under the blue skirt, the lifeless eyes.

I glanced around, seeing only the dark, impersonal windows of the apartment houses.

I drove around the corner and in the shadow of a building I saw this pale young man in a silly red sport shirt. Stopping, I got out and examined the front bumper. There wasn't any blood, no tell-tale sign, not even a dent.

But of course he'd seen it. I walked over to where he was leaning against the wall. He looked sick. I said, "You saw her run in front of the car? It wasn't my fault?"

Nodding his carefully brushed hair, he whispered, "She's dead."

"Listen," I said, hearing myself talk as if listening to a stranger. "I'm not to blame. The publicity will hurt my business. I might even lose my license and . . . Look, I want you to forget you ever saw me!"

I wasn't getting through to this fellow. I could see that. He didn't even seem to realize I was talking to him.

He stared past me with this blank look on his lean face. He was just a big, stupid kid, about 20. Grabbing his red shirt, I shook him. "Did you hear what I said?"

He mumbled, "She's dead."

"Listen to me! Can you forget you saw me, my car? Can you forget for this?" I yanked out the thick roll of \$10 bills, held them before his face. "Can you forget now?"

Nodding, his greedy eyes coming awake, he reached for the money. I shook him again. "Remember. I'm paying you off this one time. If you ever try to see me again, shake me down, I'll take you apart! Understand?"

He nodded again. When I let go of him, he quickly ran up the street. I drove home, examined my car again in the garage, got undressed. I would have to explain it somehow, to my partner.

Make-up some story about the boat being stolen while I stopped for coffee—no, something about the guy was making time payments. Over the months I could take care of it. I'd straighten things out, it was worth \$2,900.

I climbed back into my car and went home. I put the car away and went in my house. It had seemed to be such a lucky day, and it had up to the point where it became a nightmare. I opened my liquor cabinet and hauled out a bottle.

Mantle's Home Run Provides Yankee Win

By JIM HACKLEMAN
Associated Press Sports Writer

A very timely home run by Mickey Mantle of the Yankees, a barrage of long-range cannonading by the Angels, another shut-out for left-hander Jim Kaat of the Twins — and the three-team tangle in the American League remains.

It's still New York by 3½ games over Los Angeles and Minnesota.

Mantle connected for his 399th lifetime homer Tuesday night, carrying the Yankees over Cleveland 2-1. It came in the last of the fourth inning of the opener of a scheduled doubleheader with the Indians ahead 1-0. Rain came an inning later, washing out the rest of the program.

Leon Wagner hit homers 31 and 32 and Bob Rodgers, Lee Thomas and Felix Torres rapped one each in the Angels' 10-5 victory over Kansas City. Kaat registered his

fifth shutout of the season, clipping Chicago 2-0.

In the other AL game, left-hander Don Rudolph of Washington stretched his scoreless inning streak to 30 with a six-hitter as the Senators beat Baltimore 4-0. Detroit and the Red Sox were rained out at Boston.

In the National League — pace-setting Los Angeles whipped Cincinnati 8-1. San Francisco kept pace with a 4-3 squeaker over Milwaukee; Pittsburgh edged Chicago 7-6; Houston trimmed St. Louis 4-2; and New York split with Philadelphia, the Mets taking the opener 2-0 and the Phillies romping in the second game 10-1.

The Indians' string of scoreless innings at Yankee Stadium stretched to 30 before Al Luplow game them a brief lead with a homer. The Yankees quickly powered ahead. Roger Maris drew a leadoff walk and Mantle slugged his 25th of the year.

The Angels drew even with the A's at 4-4 in the fourth inning when Thomas, Wagner and Rodgers bombed homers in succession off loser Moe Drabowsky, then wrapped it up in the sixth with a four-run burst keyed by another homer by Wagner and Torres' belt. Dean Chance won his 12th, with help from Dan Olsinski and Ted Bowsfield.

Duck Season Real Short in Arkansas

By THE ASSOCIATED PRESS

Twenty five half-days of duck shooting aren't very many for a state which in the past has prided itself as the duck hunting capital of the world.

Especially when the daily bag limit and possession limit includes only one mallard, the favored target of most Arkansas hunters.

This is the predicament confronting Arkansas sportsmen after the federal government set skimpy conditions to protect waterfowl breeding stock in the hope that duck populations can make a comeback.

The situation is certain to have an economic impact in areas which cater to duck hunters—especially places like Stuttgart which not only attract numerous Arkansas sportsmen but also lure many out-of-state people who make annual visits during the duck season.

It's difficult to assess the impact, but Gus Albright, Game and Fish Commission news director, came up with some figures which are revealing.

"Non-resident hunting isn't a big factor in the state as a whole," Albright said. "In a good year, we will sell about 13,000 non-resident licenses for small game. This compares with about 200,000 resident hunting licenses."

"However, of 13,000 non-resident hunters, about 10,000 will come for the duck hunting. And most of these do their hunting around Stuttgart and two or three other places."

"A fair estimate is that 40 per cent of these people may decide not to come here for such limited shooting. It could have considerable impact on these particular areas which cater to duck hunters. Sporting goods dealers and others who provide accommodations and meals will feel the effects."

Albright also pondered the feelings of Arkansas hunters.

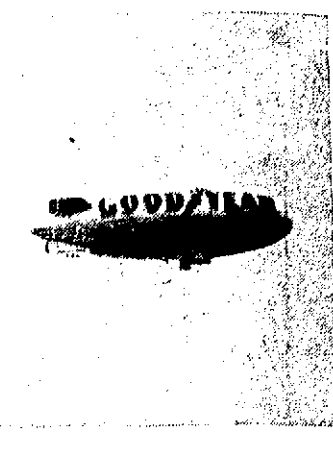

"I believe a lot of people who now say they won't hunt ducks this season will change their minds when the time comes," he said. "However, there will be plenty

rage, Norm Siebern of the A's took individual batting honors. He knocked in all five Kansas City runs with a pair of homers and a single, raising his league leading RBI total to 101.

Kaat pitched in and out of trouble repeatedly against the White Sox as the Twins handed a hard luck loss to 42-year-old Early Wynn, seeking his 290th victory. Despite an outlay of nine hits and three walks and a Minnesota error, Kaat ran his record to 14-12 and fanned his way through his 13th complete game.

Wynn, now 6-11 for the year, permitted just four singles, but lost it with one shaky inning.

Rudolph, 8-6 for the season, was given a run to work with in the first inning when Chuck Hinton triples after a single to Bob Johnson. The Senator's netted an unearned run off loser Jack Fisher in the fifth, then reliever Milt Pappas dealt up a homer to Harry Bright in the eighth following Johnson's third single of the night.

who will either stop or won't participate in expensive clubs.

"We had a curtailed season last year and there were fewer hunters. It was down all over the nation. Some of the clubs didn't even go to the expense of pumping water. A lot of people who have belonged to clubs aren't likely to go to the expense of paying up to 200 for memberships when hunting is so limited."

A redeeming feature for residents is that hunting for other game is expected to be good.

The dove season, which launches the hunting season, opens Sept. 1 and prospects are good.

Squirrels also are reported abundant in most areas and the season has been extended.

Deer are so numerous that the season has been lengthened for gun shooting and bow hunters have a full three-month season.

Liberalized regulations for any-sex hunting are expected from the Game and Fish Commission.

Quail, although not hunted so extensively as in past years, have been plentiful recently and this year should be no exception.

Dodgers Keep on Winning in New Park

By MIKE RATHET
Associated Press Sports Writer

The Los Angeles Dodgers continued their amazing winning habit in their new ball park Tuesday night, turning back the third-place Cincinnati Reds 8-1 in the opener of a key three-game series with the defending champions for their 18th victory in the last 20 home games.

Home runs by Tommy Davis and Duke Snider, blended with the eight-hit pitching of Johnny Podres, boosted the Dodgers lead over the Reds to 5½ games and maintained their 2½ game edge over runner-up San Francisco.

The Giants kept pace by riding Juan Marichal's six-hit pitching and home runs by Willie Mays and Harvey Kuenn to a 4-3 triumph over Milwaukee.

Pittsburgh edged the Chicago Cubs 7-6 on Bill Mazeroski's eighth inning homer. Houston defeated St. Louis 4-2 and New York and Philadelphia split. The Mets won 2-0 behind Al Jackson's three-hitter before the Phillies took the nightcap 10-1 on Dennis Bennett's six-hit pitching.

In the American League, the first-place New York Yankees nipped Cleveland 2-1 in the opener of a scheduled doubleheader halted by rain in the fifth inning, the second-place Los Angeles Angels outslugged Kansas City 10-5, third place Minnesota shut out the Chicago White Sox 2-0 and Washington blanked Baltimore 4-0. The Detroit-Boston game was rained out.

Mays' 39th homer and Kuenn's two-run shot off Braves' starter Bob Shaw gave Marichal (17-9) a 3-0 lead he held with one-hit hurling for six innings. Del Crandall's three run homer in the seventh brought about a deadlock the Giants quickly broke in their half against Carl Willey (1-5) on a walk to Chuck Miller, a single by Orlando Cepeda and Felipe Alou's grounder.

Trailing 6-1, the Pirates came back to tie on Roberto Clemente's two-run third-inning triple, Bill Virdon's homer in the fifth and Smoky Burgess' second sacrifice fly in the seventh. Mazeroski then clinched it with a shot off the left field scoreboard clock, tagging Cub reliever Don Elston (4-8) with the loss and giving Diomedes Olivo (5-1) the victory.

Bob Bruce (8-8) and reliever Don McMahon, who retired all 11 men he faced, combined for a five-hit pitching job that pulled the Colts to their third straight victory.

Charley Neal stroked two run-scoring singles and that was all Jackson (7-17) needed to whip the Phils in the opener, pitching his and the Mets fourth shutout. Chris Short (8-8) allowed only seven hits but took the loss. Bennett (6-9) turned things around in the nightcap as Don Demeter drove in three runs to pace a 13-hit Phils' offensive that beat Robert L. Miller (0-11).
